DEFENDANTS

ORDER

After Magistrate Judge Volpe filed his recommendation, the Court received Chance's response to the pending motion for summary judgment. *No 20-22.* His response includes a declaration that contradicts allegations in Ms. Grigsby-Brown's declaration. *Compare No 14-2 at ¶ 24, with No 21 at ¶ 2; see also No 20 at ¶¶ 4-6.* In light of this new material, the Court would appreciate a supplemental recommendation on the exhaustion issue. The Court therefore returns this case to the Magistrate Judge.

So Ordered.
